Petitions to revive under 37 CFR 1.137(a) or (b), or requests to withdraw the holding of abandonment under 37 CFR 1.181, should be promptly filed to minimize any negative effects on patent term.

Item 7 - Other reasons for holding abandonment: The substitute appeal brief submitted 1/22/02 is defective as failing to provide arguments why each claim is separately patentable. Applicant has stated that the claims do not stand or fall together yet has not pointed out how each claim is patentable over each reference. Applicant was provided with a quotation from the MPEP in the notification of Non-compliance, paper #36, and a further explanation of what was missing in the second notice of non-compliance paper # 40, 12/21/2001. Applicant has failed to properly respond since a proper appeal brief has not been submitted within the extended period of time as allowed under 37 CFR 1.136(a) for submission of such brief.
